Barbara Ann Scott.

THE WINNIPEG WINTER CLUB is proud to present to Winnipeg audiences, Barbara Ann Scott, the world's premier amateur figure skater, of the Minto Club, Ottawa, whose achievements in world events in the last few months have been followed with interest by millions of skating fans throughout the world.

At the age of 10, Barbara Ann passed the Gold Test, being at that time the youngest skater to attain this achievement. Now, at 19, Barbara Ann Scott has captured the most coveted honours in the figure skating world. In February 1947, she won the World Championship at Stockholm, Sweden, which she retained in February 1948 at the event held in Davos, Switzerland. A few weeks earlier in St. Moritz, Switzerland, she took top place in the Olympic's Senior Women's event, and was awarded the Olympic Medal. In January, she won the European Women's Senior title in Prague, Czechoslovakia. And at time of writing, is competing for the Canadian event at Calgary. She already holds the North American Women's Championship. There are few fields left to conquer for Barbara Ann.

She has not only won first place by her brilliant free skating and the perfection of her school figures, but Barbara Ann has been acclaimed by many sports organizations as the outstanding woman athlete of 1947. She was recently awarded the Lou Marsh Memorial Trophy for 1947, as outstanding sports competitor, for the second time in three years. She was named outstanding woman athlete by the Women's Amateur Athletic Federation of Canada, and awarded the Rose Bowl for top place among women athletes of 1947. The Police Gazette Sports' Magazine gold cup for the World's most outstanding woman athlete was awarded to Barbara Ann, and she was named top woman athlete by Canadian Sports Editors of 1947 at Toronto. She wears the Gold Key of membership of the Toronto Men's Press Club, and is the only woman to hold that honour. Yet with all these tributes and honours, those who know her best say she is unspoiled . . . a sweet, natural, young girl, very popular and very kind.

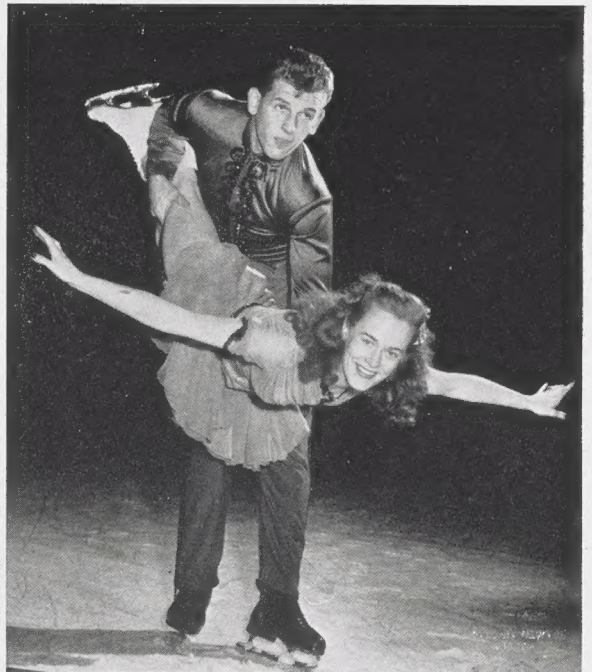

The Winnipeg Winter Club was fortunate in being able to arrange for a day and two performances of Barbara Ann's busy round of engagements, and to plan a new show around Canada's young champion. The Winter Club takes this opportunity of publicly congratulating her, and wishing her well in all her skating events.

PRESIDENT'S WELCOME

The Board of Governors and Members of the Winnipeg Winter Club are proud to present to the citizens of Winnipeg their second Skating Carnival in 1948.

Barbara Ann Scott has returned to Canada bringing fame and honour to herself and her country by capturing European, World and Olympic Ladies' Figure Skating Championships and we are fortunate to have her perform for us in Winnipeg.

It is a real honour and privilege on behalf of the Board of Governors and Members of the Winnipeg Winter Club to welcome Barbara Ann Scott to our carnival and to congratulate her on her outstanding achievements. I know I speak for all of us when I wish "The Ballerina of the Flashing Blades," as Barbara Ann has been so aptly called, success and happiness in her future endeavours.

It is a great pleasure to present our guest stars: Joan Penfold, Mary Lou Coy, Mae Kearney, Jimmy Conyers and Douglas Duffy, and to welcome them heartily.

To all our participating Club Members, on and off the ice, who have worked so diligently to present this carnival, we express our sincere appreciation.

To the citizens of Winnipeg who support our annual carnival so generously and enthusiastically and who expressed such interest in this special carnival, we extend a hearty welcome.

GEORGE E. SHARPE,
President.

The New Club Building

The Winnipeg Winter Club is again going to serve Winnipeg as it did before the war, providing health-giving sport and recreation. Architects are completing plans and tenders will soon be called.

The old club was a fine institution and a credit to Winnipeg, but it was required by the Navy during the war and was sold to them. They still need it and so the club must build new premises. This has caused some delay in renewing full activities, but it also provides the opportunity to make improvements and make use of the lessons learned in operating the old club.

Social Activities . . .

There will be spacious lounges overlooking various sports through plate glass windows. A full dining room and canteen will be served by the most modern kitchens. These facilities will be used to entertain friends and business associates and to provide a good place for the whole family

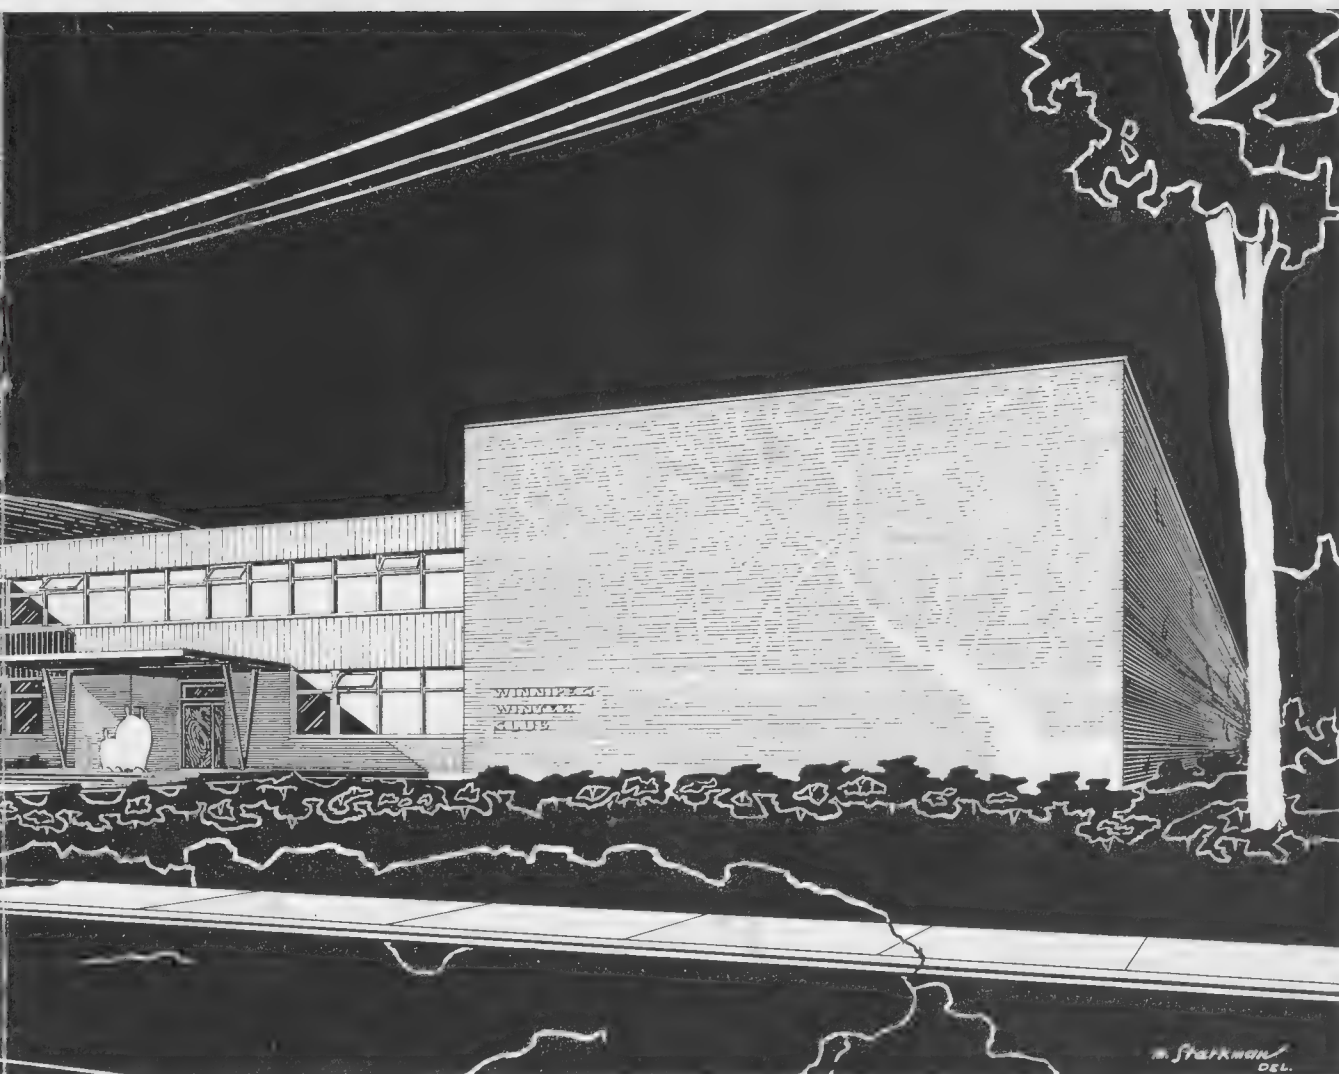

to take meals. The layout is being designed with a view to making club dances and entertainments as attractive as possible.

Skating . . .

The skating members have continued their sport on rented ice and each year a Carnival has been held. What you see in a Carnival is an exhibition by the most skilled members and professionals. But the heart of the skating activity is really "dancing on ice" as you dance on the floor with a partner. It is easy, graceful and can be learned in a remarkably short time under professional instructors. There are regular dancing sessions.

Swimming . . .

The finest exercise in the world is swimming, either by itself or after some other activity. A large pool will be a feature of the club and (if required) will be available in summer.

Bowling . . .

The Bowlers have continued their sport on Commercial alleys and have several fine leagues in operation. The new club will have six of the finest alleys and this activity will cater to young and old alike.

Badminton . . .

Five regulation courts will provide for Badminton enthusiasts and Round Robins and tournaments will promote sociability and enable new members to enjoy this sport and form friendships.

Squash-Racquets . . .

The singles game is a fast sport for younger players while doubles is less strenuous for those who want exercise without undue exertion.

Steam, Sun and Massage . . .

Steam baths, sun lamps and massage rooms will be provided for both ladies and gentlemen. These are a wonderful adjunct for limbering up stiff muscles or for general rest and relaxation.

New Members . . .

A number of treasury shares have been made available. The basis of membership is that the shareholder member must own a share of the club stock but additional persons in the immediate family may take part in the club activities. There is a moderate scale of annual dues for various classes of members.

Anyone interested in joining the club should get further information from a friend who is already a shareholder-member and who will propose the name for membership. Information can also be secured by addressing a letter to the Secretary, Winnipeg Winter Club, P.O. Box 2243, Winnipeg.

"Swinging on a Moonbeam"

OVERTURE

—Selections from the Theme.....
Musical Director—HAROLD GREEN

1. THE WONDERFUL ADVENTURE OF PINOCCHIO

The story of Pinocchio, written under the pen name of C. Collodi, was on publication in the latter part of the past century, an immediate success and is today considered a childhood classic with a host of adult admirers.

The story to now unfold before you on the ice is based upon the music and words of "When You Wish Upon a Star." The principal characters, all young members of the Winnipeg Winter Club, are Geppetto the wood carver, who from a stick of wood of most unusual qualities fashioned for himself a puppet which to his amazement and consternation was able to dance, leap and to talk; the lovable puppet Pinocchio, who in the end realized his wish to be a real boy; Jiminy Cricket, the gay talkative conscience of Pinocchio, whose constant wish was for a gold-headed cane; J. Worthington Foul Fellow, the bad actor living by his wits; the beloved playmates of Pinocchio, Cleo the goldfish and Figaro the kitten; the Fairy, who by her magic transforms Pinocchio into a real boy.

Pinocchio on his way to school is persuaded along the easy road to success and discards his purpose of attending school to roam at large around the world. He encounters many wonderful characters, but in the end returns to his home and father. Pinocchio is an imaginative story integrating the real with the fantastic. Travel with us then into the land of fantasy with Pinocchio and his companions.
